

C-236 890 AC Drives Training Course

Module 1 – Welcome and SSD Drives Introduction

Module 2 – Basic AC Motor and Drive Theory

Basic AC Motors

Basic AC Drives

Module 3 – 890 Solutions

Stand alone

Systems

Module 4 – Common bus schemes

Stand alone

Multi-Drive systems

Module 5 – 890 Hardware Options

Overview of 890

Feedback Options

Encoder

Resolver

FireWire

Fieldbus Options

Profibus

DeviceNet

ControlNet

Ethernet

CanOpen

Module 6 – Firewire

Peer to Peer

Topologies

Module 7 – AC890PX

Hardware Overview

Module 8 – DSE Software

Different levels of Software Tools

Overview of VM Architecture

DSE Runtime

Maintenance version of software

DSE Development

Full blown level
